Máximo Level has grown rapidly since its inception and now offers its Native Spanish Program, international volunteer and internship programs, TEFL/TESOL Certification program, and our Native English Program in Peru, Costa Rica, and Guatemala. Our success is based on our commitment to quality and to providing the highest level of service possible to all of our clients

Máximo Level provides a safe and organized environment for travelers and language learners to come and learn about Peru, Costa Rica, and Guatemala – three of the most diverse countries in the world. During your studies with us, you will have the support and guidance of our Spanish teachers and international staff – they will be your support team and will provide you with 24-hour assistance.

Máximo Level hosts between 30 to 100 international travelers and language learners each week. This means that you will join a lively atmosphere filled with lots of opportunity for cultural exchange and opportunities to make friends from all over the world.

### Intensive Spanish Immersion

Our Native Spanish Program appeals to adventure seekers, working professionals, and entire families because we offer the most intensive and professional Spanish programs available. Whether you want to boost your standing at university, add to your career skills, or put your world travels on the fast track, we have a Spanish course and a certified, native, Spanish teacher for you.

Máximo Level's language centers also function as social centers with free snack bar and Internet, office-wide WIFI, salsa lessons, movie night, and our monthly open-bar International Party. We also have a free Tandem Conversation Program offering free conversation practice to supplement your regular classes.

University credit is available for Máximo Level's Spanish language programs. There are three ways to receive university credit:

#### **BROOKHAVEN COLLEGE (United States)**

You can receive credit through our affiliation with Brookhaven College, which you can then transfer to your school. How much credit you earn depends on your Spanish level and how many weeks you study with us.

#### **UNIVERSIDAD RURAL (Guatemala)**

You can receive credit through our affiliation with Universidad Rural in Guatemala. An official certificate is issued by the University for each Spanish level you pass. To ensure your home country university will honor these credits, please check with your Study Abroad office or Foreign Languages Department.

#### **YOUR UNIVERSITY (Your home country)**

We have worked with several universities that grant credit for our courses, and we can provide your school with all documentation needed for you to receive credit. Each university

is different and requires different documentation. This can include a course syllabus, a record of total hours taken, teacher evaluations, attendance reports, curriculum covered, a final exam with letter grade, and other documents. Maximum Level will provide any of these reports or other documentation as needed. Just let us know what your school requires.

## Facilities

Máximo Nivel's offices have been designed with the needs of our clients and staff in mind. Every location provides modern computers, high-speed Internet connections including office-wide WIFI access, and a snack bar where every morning the coffee and tea are piping hot and FREE.

Every classroom is equipped with comfortable chairs, an oversized whiteboard, and a cassette and CD player. The common areas have international cable and/or satellite service connected to high definition TVs.

**Note:** Even though you will find our facilities very well-equipped, we strongly recommend you bring a laptop computer as this makes Internet access even easier and more convenient.

## Native Spanish Program

---

In three of the world's most cultural cities—Cusco, Peru, San Jose, Costa Rica, and La Antigua, Guatemala—Máximo Nivel offers its unique Native Spanish Program for intensive language training or extended study of the Spanish language. Máximo Nivel offers all levels of Spanish instruction, as well as special Medical and Business Spanish classes.

Máximo Nivel is not a typical Spanish School. We are an executive language center offering the most intensive and effective Spanish courses in Latin America. Máximo Nivel employs only the most experienced native Spanish instructors, all of them actual teachers—either certified in teaching Spanish as a foreign language or with their Bachelors and/or Masters in Education. We offer an incomparable service to improve your Spanish, whether you are looking for a 5-day crash-course or a 6-month extended program.

Máximo Nivel also offers our well-known Native English Program to Peruvian, Costa Rican, and Guatemalan learners. Via our optional Tandem Conversation Program, our Spanish clients can join free conversation practice when we team them up with local residents who are studying in our intensive English programs. This "tandem" conversation practice is an excellent addition to regular Spanish classes.

## Program Summary

On your first day, you will participate in a brief orientation, take a language placement test, and then be placed at an appropriate level. Throughout your language training, the teacher will continuously assess your ability in the four language skills – Speaking, Listening, Reading, and Writing; and the four language systems—Grammar, Vocabulary, Phonology, and Function.

## **BASIC**

Basic classes are for learners with no previous experience in Spanish. Learners will be taught basic grammatical structures, vocabulary, and will immediately begin speaking in Spanish, thereby gaining a concrete foundation in the language.

## **HIGH BASIC**

For learners with an elementary knowledge of the Spanish language, these classes focus on reinforcing grammar, teaching new vocabulary, and increasing speaking capacity, enabling you to express yourself clearly in daily situations.

## **PRE-INTERMEDIATE I & II**

These classes build on learners' previous experience with Spanish, reinforcing all areas of the language, with an increasing importance placed on speaking, reading, and vocabulary.

## **INTERMEDIATE I & II**

At this point, learners likely speak Spanish, but are still struggling with the more difficult grammar points. These classes focus primarily on conversation, reading, and vocabulary; as well as on increasing your grammatical accuracy by reinforcing areas such as the use of the 'subjunctive' and 'indefinite past'. Focus is on the ability to express yourself spontaneously and to interact across a variety of social situations with increasing accuracy.

## **HIGH INTERMEDIATE I & II**

These classes build on learners' conversational base in Spanish, and begin to more finely tune communicative competence by building vocabulary and introducing students to idioms, slang, and points of 'common usage' in Spanish. High Intermediate classes also include emphasis on written expression.

## **ADVANCED I & II**

Advanced classes at the first and second level continue to fine tune learners' Spanish skills. Emphasis is placed on advanced communicative competence – the ability to communicate completely in the Spanish language, across all kinds of situations. Classes emphasize oral skills, sophisticated vocabulary, and increasing learners' understanding and ability to use idiomatic Spanish.

## **The Native Spanish Program Includes:**

- Official Spanish program certification

## **Accreditation**

---

As an internationally accredited institute, Máximo Level must adhere to strict codes of practice and maintain the highest professional standards.

In Peru, all of our programs are accredited by the Peruvian Ministry of Education. In Costa Rica, we are affiliated with Universidad Juan Pablo II. In Guatemala, the Universidad Rural provides credit for our Spanish courses there. In the United States, Brookhaven College (Texas) provides university credit for some of Máximo Level's programs. Via our partnership with Intesol Worldwide LTD, our TEFL/TESOL Certification program is also accredited by Ascentis in the United Kingdom and meets British Council requirements. Due to our accreditations, many of our courses are eligible for credit U.S. and European universities.

## **Beware of Unaccredited Courses!**

Certificates from unaccredited programs do not carry the same weight as those that are recognized on an international level. Be sure that the course you attend is accredited by an officially recognized accrediting agency.

# Frequently Asked Questions

---

## **Why should I study at Máximo Level?**

Máximo Level is not just an average Spanish school - it is an executive language center offering the Native Spanish Program, TEFL/TESOL Certification, Volunteer & Internship Program, and the Native English Program. We provide you with the most intensive and effective Spanish learning environment in Latin America.

## **How long are your programs? When can I start?**

Máximo Level is unique in offering flexible programs in order to accommodate your travel and trekking schedule. Our clients can choose to study 1 to 4 hours or more each day. Most programs are 1 to 4 weeks long. However, Máximo Level also offers long-stay programs of 3 to 12 months for people who wish to build full Spanish proficiency. Group classes begin every Monday, and private classes can begin any day of the week.

## **How many hours of instruction do you recommend?**

That depends on your individual goals for learning Spanish. You may study for as little as one week; however, we recommend a minimum study period of two weeks. We normally do not recommend more than 4 hours per day of study. However, for clients who want to study 5, 6, or even 8 hours a day we will happily tailor your program to your needs.

## **Who typically attends Máximo Level?**

People of all ages come to Máximo Level, from young adults to retirees. The majority of our clients are travelers ranging in age from 20 to 55. Máximo Level attracts people from many different backgrounds and parts of the world, including the United States, Europe, Australia, New Zealand, South Africa, Israel, and Canada.

## **What levels of Spanish are offered?**

Máximo Level offers 8 levels of Spanish: Basic, High-Basic, Pre-Intermediate I, Pre-Intermediate II, Intermediate I, Intermediate II, Advanced I, and Advanced II.

## **Do I have the same teacher every week?**

Yes. In our short-term classes (<1 month), consistency, trust, and chemistry between the client and teacher are critical components of the learning process. Clients studying Spanish 4 hours per day are usually teamed with two teachers - one for the first 2 hours and the other for the next 2 hours, but even then these teachers remain consistent throughout the program of study.

Clients studying long-term at Máximo Level (2 months>) are encouraged to change teachers after 2 months, as the change in teaching style and accent are also important components to building Spanish proficiency.

## **Can children study Spanish?**

Yes. Máximo Level offers a family friendly environment for families traveling to Peru, Costa Rica, and Guatemala. We are happy to provide classes for your children or for the whole family together. However, for younger children, a different schedule may be

recommended. Máximo Nivel has experience teaching children as young as five years old. Babysitting service can also be arranged at an additional cost.

### **What Should I Bring?**

The key to packing for a trip to Peru is to pack for a variety of conditions. The best way to deal with the extremes that Peru has to offer – the intense sun during the day, the cold mountain nights, and the heat and humidity of the Amazon Basin – is to dress using layers.

The key to packing for Costa Rica and Guatemala is to prepare for a warm and sometimes humid climate. The coastal areas are steamy and hot with lots of sunshine; and San Jose and La Antigua are warm by day and cool by night with intermittent sunshine and rain.

Extra money depends on your personal spending habits. You will likely want extra money for personal expenses, sight-seeing, souvenirs, etc. Generally speaking, we recommend bringing about \$ 250.00 (USD) per week, or just bring your credit card. Note, travelers checks in Peru, Costa Rica, and Guatemala tend to be problematic to use and are NOT recommended.

The best method for getting money is to simply use ATMs. Most banks in Latin America offer 24-hour ATM access.

## **Do I need a Visa to enter Peru, Costa Rica, and Guatemala?**

Depending on where you are from you may or may not need a special visa. Most people, including those from the United States, Canada, Australia, New Zealand, and Europe, automatically receive a 90-day tourist visa when entering Costa Rica and Guatemala, and receive up to 183 days when entering Peru.

## **Will I have phone and Internet access?**

Máximo Nivel's offices have international phone and fax service. As well, our clients and students have free access to our computer centers with high speed internet and WiFi connections; and all the computers run Windows and Microsoft Office. ## **Is the water safe to drink?**

Tap water in Peru and Guatemala is NOT safe for drinking, but water straight from the tap in Costa Rica IS safe to drink. Tap water can be purified by boiling it or adding purification tablets, such as *Micropur*, which can be purchased at most pharmacies. Generally speaking,

bottled water is easy to buy in stores. Showering and brushing your teeth with water is rarely a problem.

### **Do I need vaccinations?**

It is recommended that travelers to Peru, Costa Rica, and Guatemala have vaccinations for Hepatitis A and Tetanus. Typhoid and Yellow Fever are sometimes recommended, but are not necessary. Malaria is not a threat in Peru, Costa Rica, or Guatemala. Other immunizations may be necessary depending upon the circumstances of your project and personal medical history. You should visit a travel-health clinic or your physician at least four weeks before traveling.

### **Should I bring any medicine?**

It is recommended that you bring medications for travelers' diarrhea. The best way to prevent traveler's diarrhea is to be careful of the food and water that you eat and drink. *Ciprofloxacin* (Cipro) or *Levofloxacin* (Levaquin) are good choices for treatment of traveler's diarrhea.

In Peru, *Acetazolamide* is the drug most often used to prevent altitude sickness. The usual dosage is 125 milligrams or 250 milligrams two or three times daily starting 24 hours before ascent, and continuing for 48 hours after reaching altitude.

See your physician for specific recommendations.

### **Are Peru, Costa Rica, and Guatemala safe countries?**

Yes, and you can relax while you are here.

That said, it's still important to use common sense.

- Be careful if traveling on buses, as petty theft is common.
- Ask for a receipt when you store your backpack or luggage.
- Do NOT carry your passport or any credit cards and cash that you will not need.
- Use only registered taxis.
- Do not walk into unknown areas by yourself at night.
- Avoid any contact with drugs, as laws are very strict.
